

17th Annual Open Farm Day Participation Form
September 16th, 2018

The PEI Agriculture Awareness Committee invites you to become a PEI Agricultural Ambassador and participate in this year's Open Farm Day. This is the farming community's opportunity to ensure that factual information about the agriculture industry is being communicated to the general public so that they too can embrace our agricultural heritage. It is your opportunity to take pride in your farm, your products, your contribution to a vibrant culture and economy, and most importantly to take pride in your profession. This year let's make it our responsibility as agriculture producers to make sure that every Islander understands the work, knowledge, skills, investment (both personal and financial) and real time invested in building a strong farming business that provides consumers with the highest quality PEI grown agricultural products. You can also help to educate consumers on the importance of buying local products to support our local economy. It is important for the Agriculture industry for all producers to consider this opportunity and step up to be active participants.

We welcome all returning and any new farms to this event. For participation we require:

- that a visit to your farm will provide an educational experience to the public.
- that you not charge admission to visit the farm on Open Farm Day (specific activities offered on your farm, however, may have an admission charge. As an example - entry to a Corn maze)

I understand that, as an agricultural ambassador, I can play a key role in promoting a positive and proactive image for our industry and would like to participate as a host farm for PEI's Open Farm Day!
